MISSION OF HEALING

SERVE SHORT-TERM

Serve at a mission hospital or clinic for one to three months alongside doctors who are serving long-term. First attend a Retreat/Seminar and hear from doctors who have experience serving in the missions. Take the time to reflect on God's call to 'heal the sick' and discuss the practical issues of medical license requirements, visas and international health insurance. Apply online.

SERVE LONG-TERM

Serving three-years provides a unique opportunity to share your professional skills while living your faith at a mission hospital or clinic. Doctors and their spouses preparing to serve long-term attend a four-month residential formation program in Los Angeles. Formation is designed for the individual's personal preparation for this ministry of service. MDA provides airfare, insurance and a small stipend. Apply online.

REQUIREMENTS

Practicing Catholic
Completion of Residency
US Medical License
Good Health

YOU ARE NEEDED

Catholic doctors are needed around the world to serve at mission hospitals and clinics caring for those most in need.

Founded in 1959 by Msgr. Anthony Brouwers, Mission Doctors Association has trained, sent and supported Catholic doctors and their families who come from across the United

States to serve people of all faiths in some of the most under-served areas of the world.

MISSION OF HEALING

At the invitation of the local Bishop and Religious communities, Mission Doctors provides direct patient care and training for local professionals striving toward the goal of sustainable health care.

PARTNERSHIP OF HOPE

The service of Mission Doctors would not be possible without the prayerful and generous financial support of all who make this mission possible.

PARTNERSHIP OF HOPE

Millions of people suffer today with preventable diseases, lower quality of life, and shortened life spans. Together, we are doing something about it.

You are a vital part of this mission of healing. Your partnership allows us to respond to the needs of mission hospitals and clinics in Africa and Latin America.

VITAL CORPS

Through monthly donations, Vital Corps members provide the organization with a consistent and reliable source of funding that allows us to focus on the mission of creating sustainable healthcare around the world.

REMEMBER MISSION DOCTORS

Those who wish to name Mission Doctors Association in a will or trust, or list MDA as the beneficiary of an insurance policy or IRA, may note tax ID #95-6110132 and that MDA is a designated non-profit organization by the IRS: 501 (c)3.

For more information and to donate, visit www.MissionDoctors.org.

The service of Mission Doctors is not possible with your support.
